

THE LANDMARK

Where the rich, warm decor of yesteryear partners with the innovation and inspiration of today

You will discover the magic of aperitivo, delicious pre-dinner bites designed to awaken your palate and improve your dining experience. You will also discover that aperitivo, good friends and good conversation are inseparable.

This is the home of the crafted cocktail — where every sip offers a harmony of complexity and balance, and every ingredient is carefully considered. Freshly squeezed nectars swirl in liquid ecstasy around hand-carved ice, fine glassware coaxes flavours into fullness.

In the Café del Sol tradition, The Landmark is all about open hearted genuine hospitality.

So drink with us, share with us, be with us.
